Self Report of Illness by Student

Date: _____

To Whom It May Concern:

I report having been ill on the listed dates. Because Student Health Services does not provide sick notes, I did not schedule an appointment there, and no additional information is available. Student Health Services advises submitting this form to teachers or employers as needed.

Student:_____ TUID:_____

Dates of reported illness:

_____

** Student Health Services does not routinely provide medical excuses for missed academic assignments. We will provide written documentation of an individual student's contact with Student Health Services for care and treatment when the student has been treated or counseled by SHS at the time of actual illness or injury. Students are advised to stay home when ill and not come to SHS for the sole purpose of obtaining a note. SHS does not routinely provide information about diagnosis, prognosis, or ability to complete academic assignments.*
